

TUNA FISH MEAL

Irum Proteins' **Tuna Fishmeal Powder** is produced from high-grade tuna sourced from the nutrient-rich waters of Oman, Indonesia, and the Philippines. Rich in superior protein and vital nutrients, it supports healthy growth, strong immunity, and efficient feed conversion in pets and farmed fish. Trusted for its digestibility, consistency, and sustainable sourcing, it's a preferred choice for premium pet food and aquafeed formulations.

GENERAL CHARACTERISATION

Crude Protein (%)	60
Moisture & Impurities (%) (max)	10
Fat (%) (max)	10
Free Fatty Acids(FFA) (%) (max)	10
TVBN (mg per 100 gm.) (max)	150 mg
Histamine (ppm) (max)	1000 ppm
Ash (%) (max)	24
Sand & Salt (%)	5
Antioxidant (ppm) (min)	150
